Projects

Bl:nk [Live Demo](#) 2024

Event Management, Hospitality, Logistics

I contributed to a high-end **event management** platform designed to streamline VIP experiences. Developed a **seamless and dynamic** interface for managing events, integrating features for **travel**, **logistics**, and **real-time** updates. Focused on delivering design that enhanced operational efficiency and guest satisfaction, transforming complex event management into a smooth, **organized experience**.

Baddour Car Rentals [Live Demo](#) 2024

Car Rentals, Technology, Mobility, FinTech

I played a key role in creating a transformative platform that connects car renters and vehicle owners across the **US**. Designed an interface that simplifies **vehicle rentals and management**, focusing on convenience, security, and efficiency. My work included developing features for seamless **transactions** and streamlined **management tools**, enhancing both UX and operational efficiency. The project addresses a growing market need for a **modern**, user-friendly **rental solution**, revolutionizing traditional rental models and offering both renters and owners a superior experience.

IMDI [Live Demo](#) 2024

Document Signing, AI, Document Management

Designed an **AI-driven document signing platform** for seamless **contract management** among multiple parties. Focused on enhancing user experience through comprehensive **UX research**

Achievements

Rapid Career Progression

Promoted as Team Lead at Falcon Consulting within **1 year** of Postgraduate Experience

Recognized Innovation

Conceptualized and Presented a **FYP Idea** Acknowledged and Appreciated by the Entire Faculty Panel for its Ingenuity and Feasibility.
